- It will not work with the Mini.
- You cannot use the Gild with embossing machines from other companies.

What is included with the Empress Gild?

- Machine Base
- Heat Platform
- Power Cord
- 2 Top Plates
- Magnetic Tweezers
- Silicone Mat
- No Foil Plates or Foil included

Can you use Foil Plates from other brands with the Gild?

- Yes

Can you use Anna Griffin Foil Plates with another Heat Foil Machine?

- Yes, if the size fits.
- The large 5x7 plates will not fit with the Glimmer machine.

Can you use foil from other brands?

- Yes, if it is heat activated foil.

Is the Gild like the Minc?

- No, the Minc was a standalone machine that use toner activated foil

Can I use Minc foil with the Gild?

- No, the Minc foil is toner activated. The Gild uses heat activated foil.

Is the Gild similar to the Go Press and Foil?

- The Gild works with the Empress Elite and original Empress Machine.
- The Go Press and Foil cannot be used with the Empress. It can be used with a Cuttlebug.

Can you use Impression Dies or 3D Dies with the Gild?

- The Gild was designed for use with Hot Foil Plates.
- You can test other dies, but the results can vary as Foil plates have wider surfaces for better foil transfer.

Is there a warranty?

- Anna Griffin Inc. will repair or replace the Gild within one year of purchase if there is a manufacturer defect. This warranty is expressly limited to manufacturing defects and does not include damage or defects caused in any manner after your purchase.
